

Need working capital? In startup phase?
We can help!

“Getting capital for your business could not be easier with our Unsecured Line of Credit product”

Get an unsecured business line of credit up to \$150,000 1st round with **NO** collateral and **NO** financials required. Unsecured LOC's are absolutely life-changing for every business, and are much easier to get than most people think!

Your business is unique... and your financing options should be too.

Unsecured Business Line of Credit:

- Perfect for start-up businesses
- In most cases, depending on your credit score, we can offer a 0% introductory rate for the first year!
- No collateral required
- No financials required
- Minimum FICO score of a 700 is great but we have funded many clients with FICO scores as low as 660!
- No recent derogatories and no major derogatory credit items
- At least 5 years of credit history is preferred, though we have worked around this
- Credit Partners (business partner, spouse, friend, or family member) can be used to qualify also! We can help guide you through this process
- Receive funding within 10-14 days!

"I had just opened up my LLC 1 month prior to discovering Blessing Capital. We secured a Credit Partner and submitted my application. Within 14 days I received \$80,000 of unsecured lines of credit! I didn't even know this was possible!"
